

The Tejano Center for Community Concerns has been in existence for more than 25 years. The Child Placing Agency is one of fourteen programs which serves communities throughout Houston. The Child Placing Agency is consistently recruiting loving and caring foster parents. We have a diverse group of children of all ages and ethnicities. There is a child for you!

Our foster parents open their homes and hearts to provide a healthy, stable, and secure environment. We will walk with you throughout the process to become a foster parent. You will be assigned a caseworker to guide you from the time you say yes until you become a foster parent!

For more information on being a foster parent email or call, Brenda Navarrete, [Brenda.navarrete@tejanocenter.org](mailto:Brenda.navarrete@tejanocenter.org) or 713-640-3766.
