Campus Improvement Plan 2022-2023

Si usted desea discutir the Plan de Mejoramiento, no dude en comunicarse con el personal de la escuela.

MISSION

PSTEM Academy's mission is to develop strong and powerful students through an academic pipeline focused on creating a college and career ready culture. We ensure a culturally relevant environment with a focus on Science Technology Engineering and Math (STEM) academics, health and social services, and youth and human services to create stronger families and healthier communities.

VISION

PSTEM Academy will be an exemplary campus of excellence using community-based education and graduating college and career ready , civic-oriented leaders.

DESCRIPTION

Introduction

PSTEM Academy (PreK3-5th) opened its doors in 1996 and serves 505 students in grades PK-3 through 5th. The student population is .3% African American, 98.9% Hispanic, .9% White, .2% American Indian, 3.9% Asian, .2% Pacific Islander, .3% Two Or more Races. During the spring 2022, RYSS underwent a significant organizational transformation at the District, and campus levels. After extensive conversations and interviews, the RYSS stakeholders agreed on four priorities for the next five year. The RYSS Priorities include:

Sound Infrastructure and Planning: Build, codify, and implement processes and systems to improve organizational effectiveness and successfully manage growth.

Strong Teams: Recruit, develop, and retain top talent to create thriving school-based and central office teams.

Excellent Instruction: Adopt and strengthen implementation of high-quality curricula.

Thriving Students: Consistently build and maintain a safe, joyful, engaging, and inclusive student culture.

Demographics

- 2019-2020 TAPR report: 98.9% of students are Hispanic, .8% White and .3% African American. 99.7% of students at PSTEM Academy are identified as Economically Disadvantaged, 72% are English Language Learners, 6.5% are receiving special education services and 72.2% are academically at-risk. Lack of access to basic needs along with limited experiences and parents limited educational background impacts students ability to be on par with peers not experiencing the same challenges.

Student Achievement

- Significant learning gaps in students exist due to COVID19 shut downs and virtual learning. A concerted effort to provide tutoring, Saturday school, and small group instruction was made in the 2021-2022 school year. Teachers received increased professional development with a focus on small group instruction. PSTEM Academy received an "A" rating and 5 distinctions in Math, Science, Closing the Gaps, Academic Growth, and Post Secondary Readiness. PSTEM Academy strives to meet the academic and socio-emotional needs of students who present with many challenges in addition to COVID19 loss of learning. All content areas- reading, math, science, writing, ESL and bilingual best practices/instruction will continue to benefit from targeted intervention and support built into the master schedule. In addition, tutorials and academic camps will begin September 19, 2022.

School Culture and Climate

- At the beginning of 2022-2023 school year, PSTEM Academy opened additional early childhood classrooms to accommodate and support our school community. PSTEM faculty consists of five Pre-K Teachers, three Kinder Teachers, three 1st grade, three 2nd grade, three 3rd grade, three 4th grade, three 5th grade, and three ancillary rotations. The campus lost 2 teachers, and retained all other teachers. In addition to the new positions added, the campus has 27 teachers. The Principal and Dean have remained as leaders of an "A" rated campus. Acquisition and retention of Highly Qualified and Certified teachers (in critical shortage areas of Bilingual and ESL) is a challenge for PSTEM Academy. Through campus-wide initiatives focused on creating a culture of excellence, PSTEM Academy will address needs and strengthen campus culture.

Staff Quality, Recruitment and Retention

- For the 2022-2023 school year, PSTEM has: 27 teacher positions, 6/27 are certified teachers. 21/27 are non-certified teachers. 2/27 are first year teachers.
- A focus on recruitment of certified teachers and developing partnerships with university educational programs needs to be implemented.

Curriculum, Instruction and Assessment

- Primary teachers in alternative certification programs have not had the benefit of educational theory, background in best practices to support EL students and lack background in specific content/s, delivery of instruction and in supporting a student centered classroom environment. Due to teacher's lack of a background in educational theory or a background in another field of study, teachers would benefit from receiving additional instructional support in order to increase student learning.

Family and Community Engagement

- PSTEM strives to develop our parents as partners in their children's education. We will continue to share and inform parents on not only what their students are learning but also how they can also support their students and continue to learn with them at home. Monthly meetings with the Principal are held in order to share all online learning opportunities for students, school events that showcase specific content areas for parents to experience what students are learning in our classrooms and to reinforce that our parents' participation in their students' education is paramount and very much needed.

School Context and Organization

- Principal and assistant principal are the instructional leaders and their primary focus is to build teacher capacity that increases student achievement.

- PSTEM has new leadership that is committed to evaluating current systems in order to ensure effectiveness that supports student achievement.

Technology

- In order to support our students with access to technology, laptops and chrome books have been deployed to students needing academic support.
- PSTEM will focus on supplementing more units of technology for our students in order to replace lost/stolen technology from the 2020-2021 school year.

Special Populations

- Historically, the special education student group and the students identified as English language learners lag behind in all academic performance areas. The greatest gap in performance is in reading and writing. Additional personnel is needed to provide support for students in special populations and in RTI levels 2 and 3.

SPECIAL PROGRAMS

PSTEM Academy offers an enrichment period of STEM to all K-5th grade students. We are proud to partner with Project Lead The Way, a leader in STEM Curriculum. Our campus STEM program forms the foundation for the STEM Pathway to our secondary middle/high school campus.

CNA PROCESS

To create the Primary Comprehensive Needs Assessment the following data were used: 2022 STAAR Scores (Reading, Math, Science, Writing) 21-22 Renaissance 360 BOY Assessment, Benchmarks, 20-21 TELPAS Levels, TPRI/Tejas Lee, and Informal internal data.

Comprehensive Needs Assessment

Curriculum, Instruction and Assessment

Strengths

- 1 Campus assessments which are created by teachers are reviewed by the principal and consultants to ensure they are aligned to the STAAR assessment.
- 2 Reading teachers have access to and implement My View Basal and Guided Reading. Math teachers implement Eureka Math and Imagine Learning lessons. Science teachers use STEMSCOPES.
- 3 Principal provides teachers with instructional resources and supplies.
- 4 Teachers have designated content coaches that assist them with pedagogy, daily schedules, lesson delivery, assessment and resources.
- 5 Administration has created daily schedules for teachers in all grade levels that support the required minutes of content delivery.
- 6 Assessment: Teachers assess students after every unit. Once they have finished teaching the student expectations and TEKS.
- 7 Assessment: Teachers give two benchmarks during the school year. These benchmarks are STAAR like assessments.
- 8 Assessment: All teachers issue an exit ticket at the end of their lesson to check for student mastery of content
- 9 Assessment: Teachers track student progress by using Data Walls in their classroom and DMAC.
- 10 Assessment: Principal has a digital data wall on the campus shared drive. A posted tracker by objective and student progress is located in the PLC room. Students are tracked for all areas: Does Not Meet, Approaches, Meets, Masters and in 4th and 5th grade for progress measure.

Needs

- 1 Teachers need support to secure vertical alignment and content alignment across all grade levels.
- 2 Teachers need ongoing professional development to gain proficient background in delivery of effective lessons, implementation of effective center activities, and design of rigorous and effective assessments.
- 3 Teachers need ongoing professional development to understand TEKS, academic vocabulary, strategies, and student misconceptions.
- 4 Teachers need professional development and coaching to support differentiated instructional practices for emergent bilingual, special education, and gift and talented students.

Summary

Primary teachers in alternative certification programs have not had the benefit of educational theory, background in best practices to support EL students and lack background in specific content/s, delivery of instruction and in supporting a student centered classroom environment. Due to teacher's lack of a background in educational theory or a background in another field of study, teachers would benefit from receiving additional instructional support in order to increase student learning.

Demographics

Strengths

- 1 PSTEM Academy benefits from being part of the Tejano Center for Community Concerns whose goal is to meet the needs of its students, parents and community members through a variety of social programs that address social and emotional health, food insecurity, trauma, and economic hardships with housing and utilities.
- 2 PSTEM Academy students benefit from a wide range of school and community activities/events that celebrate cultural experiences. Community partnerships with families and businesses make these events possible.

Needs

- 2 According to the 2019-2020 TAPR report: 99.7% of students at PSTEM Academy are identified as Economically Disadvantaged and 72.2% are academically at-risk. Lack of access to basic needs along with limited experiences and parents limited educational background impacts students ability to be on par with peers not experiencing the same challenges.
- 3 72% of students at PSTEM Academy are identified as English Learners as reported in the 2019-2020 TAPR Report. Student's lack of English proficiency directly impacts student's reading proficiency. The process of learning to read in a second language can be particularly challenging for English learners.

Summary

2019-2020 TAPR report: 98.9% of students are Hispanic, .8% White and .3% African American. 99.7% of students at PSTEM Academy are identified as Economically Disadvantaged, 72% are English Language Learners, 6.5% are receiving special education services and 72.2% are academically at-risk. Lack of access to basic needs along with limited experiences and parents limited educational background impacts students ability to be on par with peers not experiencing the same challenges.

Family and Community Engagement

Strengths

- 1 Principal holds monthly Coffee with the Principal meetings with parents to share information on student upcoming learning, district events and share information on how to support their students at home to support a home to school connection.
- 2 Principal delivers monthly callout to parents to keep in touch with parents and advise parents of important school and community events.
- 3 Family engagement activities include National Night Out, Fall Carnival, Holiday Program, Literacy on the Lawn Events, Academic Nights, STAAR parent nights and field day activities.

Needs

- 1 PSTEM needs to focus on increasing parent attendance at school meetings and events in order to secure that parents are cognizant of what their students are learning, how their students are progressing academically and how parents can support the school in making learning a priority in their home for their child.
- 2 Students and parents need additional instruction on the signs of bullying, sexual abuse, and other violence scenarios.
- 3 More Parental outreach and education is needed. Parents lack understanding of resources available to help their children academically.

Summary

PSTEM strives to develop our parents as partners in their children's education. We will continue to share and inform parents on not only what their students are learning but also how they can also support their students and continue to learn with them at home. Monthly meetings with the Principal are held in order to share all online learning opportunities for students, school events that showcase specific content areas for parents to experience what students are learning in our classrooms and to reinforce that our parents' participation in their students' education is paramount and very much needed.

School Context and Organization

Strengths

- 1 School is led by principal who is the instructional leader supporting all stakeholders toward the goal of student achievement. The principal manages and aligns campus resources, budgets, and staffing to create a school system with processes, procedures, and accountability for all. The principal facilitates the creation a vision and mission for the campus to create a culture of success.
- 2 The school has an assistant principal who provides instructional support to all teachers. The assistant principal also supports Blended Learning grant and manages STEM implementation for the campus. The assistant principal supports the implementation of the campus vision and mission.

Needs

- 1 Processes and procedures need to be created, reviewed, and/or streamlined in order to support instructional practices, use budgeting resources effectively, and continue long-term expansion opportunities
- 2 Principal and Dean are collaborating on combining SE STEM and PSTEM campuses and increasing enrollments through expansion opportunities.

Summary

Principal and assistant principal are the instructional leaders and their primary focus is to build teacher capacity that increases student achievement. PSTEM has new leadership that is committed to evaluating current systems in order to ensure effectiveness that supports student achievement.

School Culture and Climate

Strengths

- 1 Administration secures that all teachers are supported inside and outside the classroom, teacher instructional needs are met, and that teacher's are valued as members of the PSTEM Academy learning community.
- 2 Teachers are implementing systems, routines and procedures that will norm their classrooms with best practices in order to support students. Campus wide writing boards, Guided Reading in ELAR classrooms, SLANT and 4S lines are standard curriculum and behavioral expectations .
- 3 Teachers receive constructive feedback following informal/formal walk-throughs and observations which supports them in adjusting their instructional practices to better support students.
- 4 Teachers engage in monthly activities to support them in building relationships with their grade level teams, their colleagues and their administration.

Needs

- 1 Under the direction of new administration, increasing effective communication with all stakeholders is needed to establish new procedures and policies that contribute to effective school management.
- 2 A lack of certified teachers and an increase in alternative certified teachers creates a need to build teacher capacity.
- 4 Teachers are needing to successfully complete their certification requirements.
- 5 Teachers indicated that there is a need to build on positive growth and address areas of concern or stagnation during PLCs.
- 6 Parents/guardians, students, and teachers need proactive information to understand the importance of daily attendance.
- 7 Parents and guardians need proactive information to understand the district and campus safety policies and procedures through the ILOVEYOUUGUYS foundation.
- 8 A counselor is needed to address the various behavioral, emotional and mental needs of students.
- 9 A collaboration between campus nurse and Physical Education should focus on healthy living and address proper nutrition and exercise.

Summary

At the beginning of 2022-2023 school year, PSTEM Academy opened additional early childhood classrooms to accommodate and support our school community. Special Populations

Strengths

- 2 Principal and/or Assistant Principal attends ARD meetings to be informed and make knowledgeable decisions about student education.
- 3 Principal meets monthly with Special Education Team to address student progress, compliance issues, and news from TEA.
- 4 A block of ELAR was built into the Master schedule to support 2nd and 3rd grade bilingual students acquire vocabulary and language development through guided reading.
- 5 PSTEM will be sending 2 teachers and an administrator to Dyslexia training to have additional support of students with dyslexia.

Needs

- 1 Special Education, EL, RTI, Emergent Bilingual students and general education students have significant COVID learning gaps and need intensive remediation.
- 2 A target intervention system is needed to target ELL students slowly increasing or staying stagnant in English proficiency level as evidenced by TELPAS scores.
- 3 There is a significant need to hire certified personnel with pedagogy in addressing specific learning difficulties to work with students in achieving academic growth.

Summary

Historically, the special education student group and the students identified as English language learners lag behind in all academic performance areas. The greatest gap in performance is in reading and writing. Additional personnel is needed to provide support for students in special populations and in RTI levels 2 and 3.

Staff Quality, Recruitment and Retention

Strengths

- 1 Staff is accommodating and professional in meeting the needs of students and parents.
- 2 School and staff both secure and support open communication with parents and all stakeholders.
- 3 Principal meets with teachers weekly during PLC's to secure that all teachers and students needs are being met with instruction and resources.
- 4 The SDMC committee (administrator, teachers, parents, community) meets quarterly to review the SIP goals and objectives to secure that we are meeting the needs of our students and school community.

Needs

- 1 PSTEM needs to attract and hire teachers that are degreed and hold a valid teaching certification.
- 2 AT PSTEM Academy teachers need to increase their pedagogy in instructional best practices throughout the school year.
- 3 Alternative certification teachers at PSTEM Academy require additional support in classroom management and classroom environment.
- 4 Name recognition of PSTEM Academy is limited and partnership to recruit student teachers need to be developed.

Summary

For the 2022-2023 school year, PSTEM has: 27 teacher positions, 6/27 are certified teachers. 21/27 are non-certified teachers. 2/27 are first year teachers. A focus on recruitment of certified teachers and developing partnerships with university educational programs needs to be implemented.

Student Achievement

Strengths

- 1 Resources and materials have been provided for instructional purposes. Teachers are engaged in ongoing professional learning (Reading Academy, Blended Learning Cohort, Math Cohort, Teaching Strategies, individualized and team support from consultants to develop their capacity in delivery of proficient instruction to support our students in their academic achievement.
- 2 Teachers are provided and supported with curriculum guides, scope and sequence, pacing calendars, lesson plan support. Teachers are supported by content leads and consultants (Trainer of Trainer model) who instruct and build teacher capacity in navigating their planning documents, lesson activities, lesson cycle, Do Now to Exit Ticket and in developing their assessments.
- 3 Teachers are supported in developing content pacing calendars using the Lead4Ward Blue print. Teachers are modeled how to use resources: Lead4Ward, STEMScopes, Apps, Choice Boards, in order to support and implement in their classrooms and increase student engagement and academic growth.
- 4 Teachers meet weekly in PLC's and content support training to develop their understanding of best practices, instructional strategies and activities to support their students learning goals.
- 5 Teachers have pre-planning Saturday PD prior to the start of each six weeks. A focus on unit goals, assessments, strategies, and delivery is provided through content consultants.
- 6 Reading teachers received support in implementing Guided Reading to meet students at their instructional level in small groupings. Campus PD half-days and additional Saturday trainings were provided.

Needs

- 1 Teachers need continued training in supporting students with direct instruction of reading strategies to develop students' comprehension and reading fluency. A campus wide vertical system of strategies should be developed to provide consistency in instruction and build on foundational knowledge.
- 2 Teachers need continued training in delivering direct instruction using Eureka Math curriculum on mathematical operations, computation skills and problem solving and incorporating Blended Learning into their instructional block.
- 3 Teachers need training on how to deliver instruction and support their students with the writing process and on how to successfully implement Let's Go Now curriculum and additional resources for the writing process.
- 4 Teachers need training in delivery of Science instruction to support students. Students need more hands on experience in conducting experiments in the science and STEM classrooms. Implementation of PLTW curriculum in the STEM classroom through PLTW training is needed.
- 5 More than 50% of teachers at Primary are non-certified teachers. Teachers are required to successfully complete a certification program and obtain required certification in order to continue to teach at Primary.
- 6 Students require test taking skills in order to acquire strategies to navigate standardized assessments.
- 7 Teachers need training on how to deliver bilingual instruction and support their students. Teachers also need to know how to build bilingual student's English through ESL strategies.

Summary

Significant learning gaps in students exist due to COVID19 shut downs and virtual learning. A concerted effort to provide tutoring, Saturday school, and small group instruction was made in the 2021-2022 school year. Technology

Strengths

- 2 All teachers have a laptop checked out to them.
- 3 The school has 1-1 computing with laptops available for every student.
- 5 Teachers have access to DMAC- program that serves many purposes. Teachers use DMAC to create assessments and to identify the student expectations that need to be addressed.
- 6 COVID quarantined 3rd, 4th, and 5th grades will be able to check-out laptops to support them in accessing learning online.

Needs

- 1 Students need daily access to technology to engage with virtual instruction, access online programs that target and support their areas of need.
- 2 Students need additional technology units in their classrooms to access.
- 3 Students need to access technology at home in order to extend their learning outside the classroom.

Summary

In order to support our students with access to technology, laptops and chrome books have been deployed to students needing academic support. PSTEM will focus on supplementing more units of technology for our students in order to replace lost/stolen technology from the 2020-2021 school year.

PRIORITY NEEDS

B: Student Achievement

- B1 Need a better enhanced and rigorous K-5 TEKS curriculum aligned both vertically and horizontally, with protocols that allow for fidelity to the curriculum to be monitored.
- B2 Teachers need continued training in delivering direct instruction using Eureka Math curriculum on mathematical operations, computation skills and problem solving and incorporating Blended Learning into their instructional block.
- B3 Teachers need training on how to deliver instruction and support their students with the writing process and on how to successfully implement Let's Go Now curriculum and additional resources for the writing process.
- B4 Teachers need training in delivery of Science instruction to support students. Students need more hands on experience in conducting experiments in the science and STEM classrooms. Implementation of PLTW curriculum in the STEM classroom through PLTW training is needed.
- B5 More than 50% of teachers at Primary are non-certified teachers. Teachers are required to successfully complete a certification program and obtain required certification in order to continue to teach at Primary.
- B7 Teachers need training on how to deliver bilingual instruction and support their students. Teachers also need to know how to build bilingual student's English through ESL strategies.

C: School Culture and Climate

- C1 Under the direction of new administration, increasing effective communication with all stakeholders is needed to establish new procedures and policies that contribute to effective school management.
- C6

Parents/guardians, students, and teachers need proactive information to understand the importance of daily attendance.
- C7

Parents and guardians need proactive information to understand the district and campus safety policies and procedures through the ILOVEYOUGUYS foundation.
- C8

A counselor is needed to address the various behavioral, emotional and mental needs of students.
- C9

A collaboration between campus nurse and Physical Education should focus on healthy living and address proper nutrition and exercise.

D: Staff Quality, Recruitment and Retention

- D1 PSTEM needs to attract and hire teachers that are degreed and hold a valid teaching certification.
- D2 AT PSTEM Academy teachers need to increase their pedagogy in instructional best practices throughout the school year.

E: Curriculum, Instruction and Assessment

- E1 Teachers need support to secure vertical alignment and content alignment across all grade levels.

- E2 Teachers need ongoing professional development to gain proficient background in delivery of effective lessons, implementation of effective center activities, and design of rigorous and effective assessments.
- E3 Teachers need ongoing professional development to understand TEKS, academic vocabulary, strategies, and student misconceptions.

F: Family and Community Engagement

- F1 PSTEM needs to focus on increasing parent attendance at school meetings and events in order to secure that parents are cognizant of what their students are learning, how their students are progressing academically and how parents can support the school in making learning a priority in their home for their child.
- F2 Students and parents need additional instruction on the signs of bullying, sexual abuse, and other violence scenarios.
- F3 More Parental outreach and education is needed. Parents lack understanding of resources available to help their children academically.

G: School Context and Organization

- G1 Processes and procedures need to be created, reviewed, and/or streamlined in order to support instructional practices, use budgeting resources effectively, and continue long-term expansion opportunities
- G2 Principal and Dean are collaborating on combining SE STEM and PSTEM campuses and increasing enrollments through expansion opportunities.

H: Technology

- H2 Students need additional technology units in their classrooms to access.

I : Special Populations

- I1 Special Education, EL, RTI, Emergent Bilingual students and general education students have significant COVID learning gaps and need intensive remediation.
- I2 A target intervention system is needed to target ELL students slowly increasing or staying stagnant in English proficiency level as evidenced by TELPAS scores.
- I3 There is a significant need to hire certified personnel with pedagogy in addressing specific learning difficulties to work with students in achieving academic growth.

Actions

Goal #1: Sound Infrastructure and Planning: Build, codify, and implement processes and systems to improve organizational effectiveness and successfully manage growth.

Objective #1: PSTEM Academy will use CIP to effectively budget and manage daily operations.

1	Action: Principal will meet with district COO and CAO to review budgets, create a long-term vision of expenditures, and plan for campus expansion.	Person(s) Responsible: Diana Chavez Brenda Rangel George Flores	Resources: Budgets;
	Evidence of Implementation: Expenditures are aligned to campus needs.	Ongoing Evaluation Method: Monthly budget reviews.	Final Evaluation Method: Campus funds are used to support student academic achievement.
	Timeline: 6/27/2022 - 7/7/2023 (On-going)		Needs: G1; G2; [Title I Components CNA, CIP]

Goal #1: Sound Infrastructure and Planning: Build, codify, and implement processes and systems to improve organizational effectiveness and successfully manage growth.

Objective #2: PSTEM academy will merge with SE STEM in order to pool resources, create long term academic vision, and prepare for expansion opportunities.

1	Action: Allow students to wear college/university T-shirts on Fridays to promote higher education awareness.	Person(s) Responsible: Principal; Teachers	Resources: Parent letters promoting University Fridays.;
	Evidence of Implementation: Teachers and students will wear University/College t-shirts on Fridays	Ongoing Evaluation Method: Student discussions regarding awareness of higher education opportunities.	Final Evaluation Method: Improved STAAR Scores in Reading, Math, Writing, and Science as compared to the previous year scores.
	Timeline: 10/1/2022 - 6/30/2023 (Weekly)		Needs: J1; J2; [Title I Components CNA, CIP, Annual Evaluation]
2	Action: Display college flags around campus, and in common areas on the campus.	Person(s) Responsible: ADM Teachers	Resources: College Flags; College Banners; Staples; Stick on material; Title I, Part A Funds \$5,000.00
	Evidence of Implementation: College flags and pennants posted around the campus.	Ongoing Evaluation Method: Students will be able to identify the location of the college flags and even name the Universities and Colleges.	Final Evaluation Method: Improved STAAR Scores in Reading, Math, Writing, and Science as compared to the previous year scores.
	Timeline: 10/1/2022 - 6/1/2023 (On-going)		Needs: J1; J2; [Title I Components CNA, CIP, Annual Evaluation]
3	Action: Kinder, 1st, 2nd, 3rd teachers will support students with activities that build student's writing background by implementing a daily "morning message". Kinder, 1st, 2nd, 3rd – will open ELAR/SLAR instruction with a "morning message". The morning message integrates reading, writing, and word study into the daily lesson. The message is planned before the lesson to integrate the ELAR/SLAR TEKS that will be taught that day. The morning message supports introduction and reinforcement of reading, writing, and spelling standards and is a component of balanced literacy.	Person(s) Responsible: ADM, Kinder, 1st, 2nd, 3rd teachers, Consultant, Content Lead ELAR	Resources: No resources are required.;
	Evidence of Implementation: Informal/formal walkthroughs, observations, student work, implementing the Explicit Instruction Rubric.	Ongoing Evaluation Method: Informal/formal walkthroughs, observations, student work, implementing the Explicit Instruction Rubric to issue corrective feedback to teachers.	Final Evaluation Method: REN BOY-REN EOY Student assessment data, student 2021 STAAR Writing scores, 2021 TELPAS scores
	Timeline: 8/12/2022 - 5/31/2023 (Daily)		Needs: B1; J1; J2; [Title I Components CNA, CIP, Annual Evaluation]

Goal #2: Strong Teams: Recruit, develop, and retain top talent to create thriving school-based and central office teams.

Objective #2: The overall average beginning teacher TTESS rating for Domain 1. 2 (Data & Assessment) and Domain 2.2 (Content Knowledge & Expertise) will be at least a 3.0 as evidenced by the final TTESS ratings in DMAC.

2	<p>Action: Teachers will deliver explicit systematic reading instruction that includes: Guided Reading, review of previous learning, identifying objective, activating background knowledge, modeling think aloud, providing examples and non-examples, maximizes student engagement, pacing of lesson, checking for understanding, delivering feedback to students, reteaching, intervention, ongoing assessment of reading progress.</p>	<p>Person(s) Responsible: ADM, all teachers, Literacy Consultant</p>	<p>Resources: Resources previously allocated. No new resources required.;</p>
	<p>Evidence of Implementation: Informal/formal walkthroughs, observations, student work, student reading data, classroom realia, Guided Reading documentation.</p>	<p>Ongoing Evaluation Method: Informal/formal walkthroughs, observations, with implementation of Explicit Instruction Tool and providing corrective feedback to teachers.</p>	<p>Final Evaluation Method: Student assessments, 2022 STAAR, student progress from REN BOY to REN EOY, EOY running records indicating student progress.</p>
	<p>Timeline: 9/1/2022 - 5/31/2023 (Weekly)</p>		<p>Needs: B1; B3; D2; E2; [Title I Components CIP]</p>

Goal #2: Strong Teams: Recruit, develop, and retain top talent to create thriving school-based and central office teams.

Objective #3: In 2022-2023, 80% of 1st grade to 5th grade special education students receiving pull-out and inclusion support in Reading/ELA/Math will show one year's growth in their IEP objectives from the beginning of the year to the end as indicated by their REN 360, TX KEA and EOY assessments.

1	<p>Action: Identified students will receive their daily service minutes to support them in their academic achievement. Special education teachers providing special education services and support will have their daily schedule sheltered and protected to secure all instructional minutes are delivered to students. A designated ARD facilitator will cover all ARDs allowing special education teachers to focus on supporting students daily. Students will benefit from uninterrupted delivery of their daily instruction.</p>	<p>Person(s) Responsible: Special Education teachers, ARD facilitator.</p>	<p>Resources: Special education teacher's schedule, student's schedule, ARD facilitator schedule;</p>
	<p>Evidence of Implementation: Lesson plans, ARD schedule, delivered service minutes</p>	<p>Ongoing Evaluation Method: Review of schedules in support of special education students.</p>	<p>Final Evaluation Method: EOY student growth and achievement as indicated by their REN 360, TX KEA and EOY assessments</p>
	<p>Timeline: 8/15/2022 - 6/2/2023 (Daily)</p>		<p>Needs: B1; I1; [Title I Components CNA, CIP, Annual Evaluation]</p>
