RYSS Renaissance 360 Mathematics Percentage at Meets or Above Grade Level

Grade 1

- Middle-of-year data for this year's first graders is higher compared to this same time last year for both campuses.
- As a district, we showed a slight increase in performance from BOY to MOY, although both campuses showed decreases. This is due to fewer students testing in English at PSTEM.
- English testers
- Significant growth is needed to meet the target.
